1960 19' Thompson Open Off-Shore

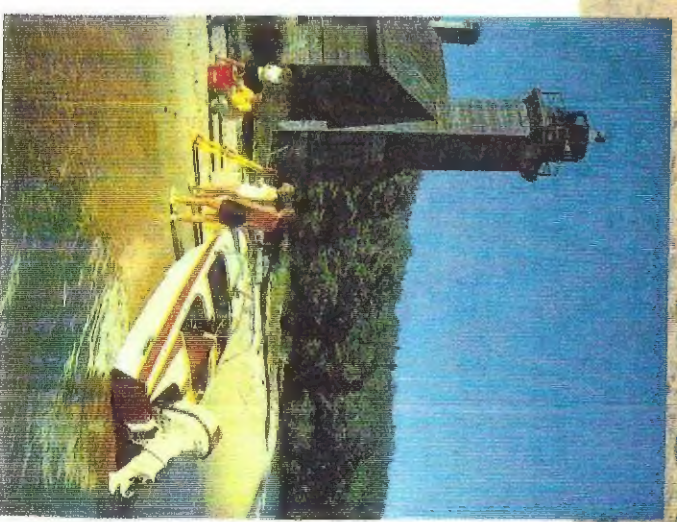

## THOMPSON *the Boat Wanted of all Boats*

You're about to meet the 1960 pleasure fleet of Thompson Bros., the master boat builders of Peshigo, Wisconsin.

If you're a newcomer to boating you should know that every Thompson boat is painstakingly built by hand of the finest materials available. Thompson builds only wood boats. Wood boats, despite all claims, are still the safest, strongest and easiest to maintain. Thompson lapstrake design is the key to a soft, stable ride. Famous Sea-Lap construction means that every Thompson hull is constructed of first grade marine plywood planks, brass bolted from stern to stern. A Thompson won't "loosen-up" and there's never a need to pre-soak before you head for boating fun.

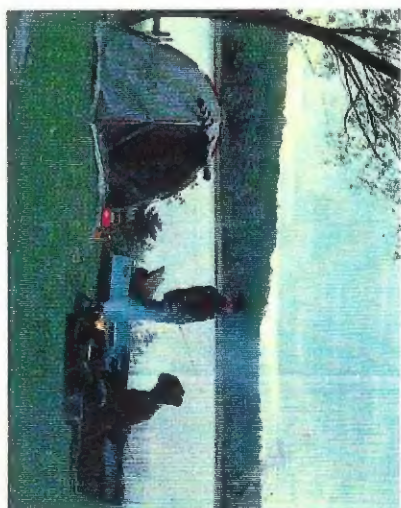

Best of all, Thompson boats meet modern horsepower requirements . . . up to 160 horsepower on the larger hulls. Reinforced transoms and laminated keels support the most powerful outboard motors under severe maneuvering and trailering.

If you're an "old salt" you know that the Thompson name has always meant the best in boats. You appreciate the warm mahogany, furniture finish and true marine design of a Thompson. Best of all, you know every Thompson owner has the pride, confidence and satisfaction that comes from knowing he has the finest boat money can buy.

We hope that we can welcome you aboard as a 1960 Thompson skipper. Study the chart below and the pages which follow. Then ask your Thompson dealer for more information and a taste of true boating pleasure.

## The Sea-Lane, Queen of Thompson Lapstrakes

Big and brawny . . . soft on the water and easy on the eye. Ideal for big water sailors and large family crews, the Sea-Lane is yours in Shipshape Cabin and Open Off-shore models. Spacious cockpits for leisure time activities or fast fishing action. Full bunks forward on both models. The Sea-Lane handles any motor combination up to 160 horsepower with ease. See *Cabin Model on back cover.*

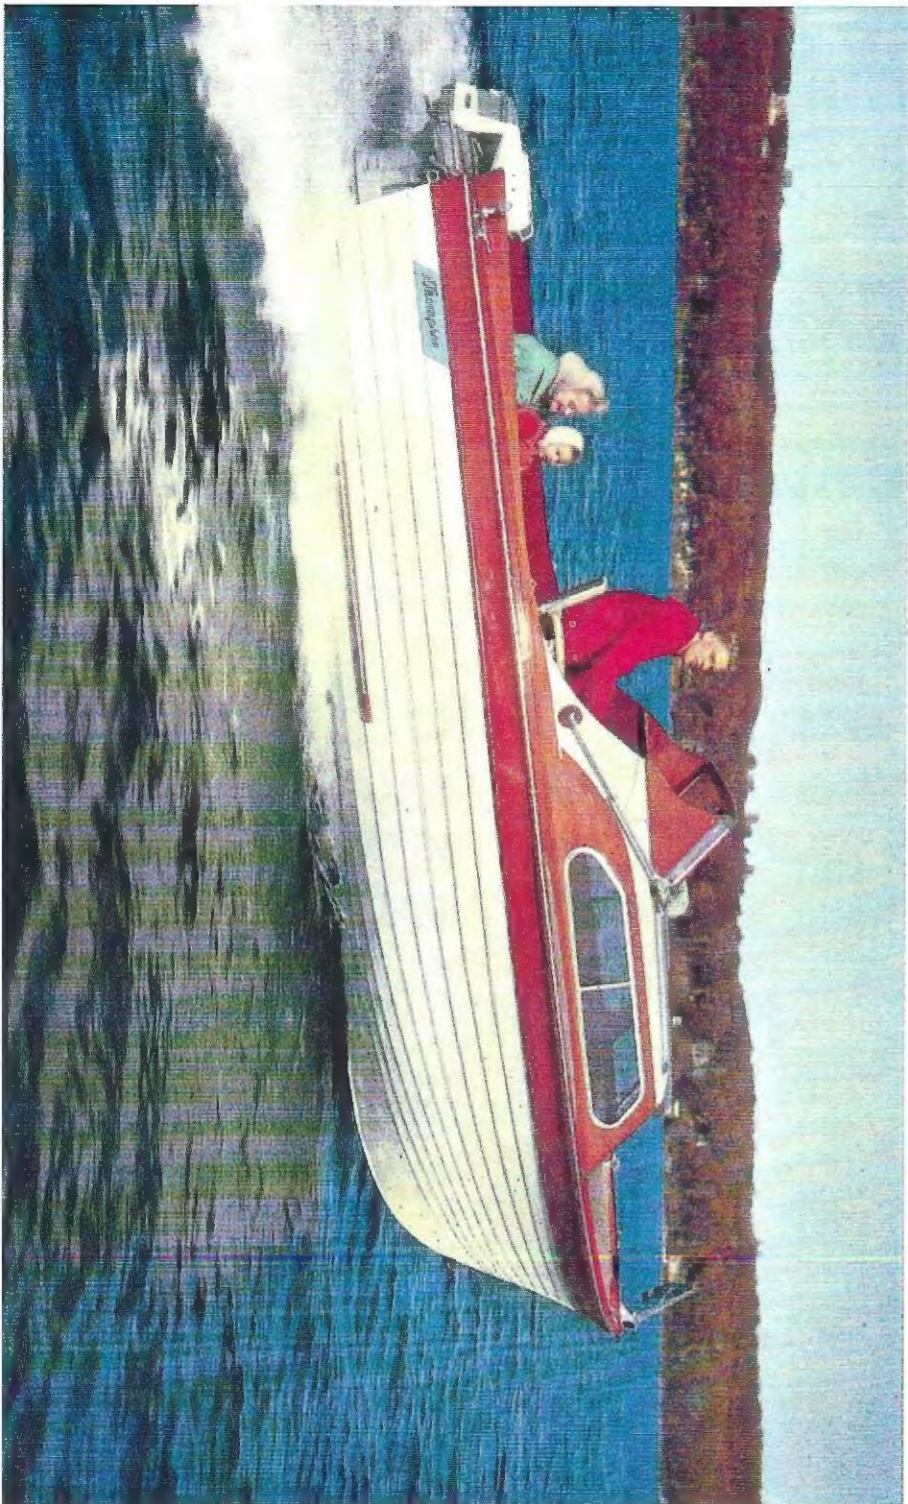

## The Thompson 19' Off-Shore ... Runabout Performance with Cruiser Capacities

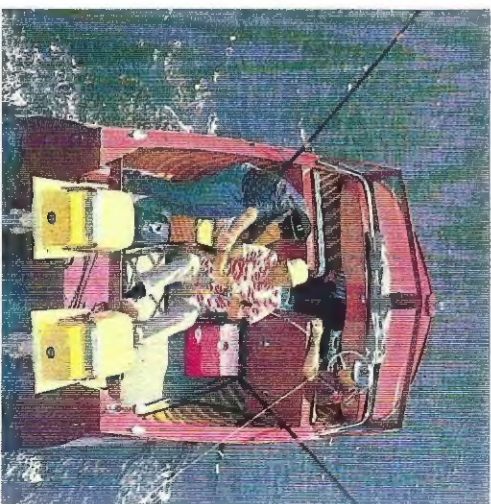

Choose either clipper bow cabin cruiser or off-shore model, and you'll travel first class on any waterfront. If you're a cabin mate you'll love the Shipshape cabin; its spaciousness and convenience.

If you're "open-minded" you'll marvel at the versatility of the Off-Shore. Add a custom Thompson Top and a stylish sports cruiser is yours. Add a Camper Top and your family or guests can enjoy the warmth, privacy and protection of a cabin cruiser. Cockpits in both models are clean and uncluttered . . . just right for fishing, skiing and cruising.

## The Sea-Lancer... Bright, Smart and Sassy

Just like all Thompsons, the Sea-Lancer is pure boat from stern to stern. No harsh parking lot fins or performance cutting super-structure to detract from true boating enjoyment. Seaworthy design and construction that miracle metals and resins fail to duplicate. Best of all, this dashing, lemonade colored Sea-Lancer is a fashion leader at dockside or afloat. One or two motored, the performance of this sprightly hull brings out the best of every skipper. Deluxe, and fully equipped, of course.

## Sea-coaster Special

### Sea-Coaster Special with Buddy-Back Seats

For the skipper who's looking for a spectacular fun-boat in the 16 foot class, the Thompson Sea-Coaster Special covers every sporting specification. Choose your equipment. Whether it be water skis, fishing tackle or the family barbecue, the Sea-Coaster Special will carry you through any water adventure. Buddy-Back seating is standard on this hull . . . ideal for trolling and super safe when there's a skier in tow.

## Sea-coaster runabout

### Sea-Coaster Runabout...the Standard of Family Boating

Pure Thompson from the keel up but priced to meet most every family's pocketbook. This pleasure liner fills every wish and desire when it comes to performance, capacity and handling. Just the frills are missing and they're as close as your Thompson dealer when you're ready to dress-up your Sea-Coaster. Everyone can have and appreciate a Thompson. *Thompson builds only quality boats* and you can't afford to settle for less when family fun and safety are at stake.

### ... a Lapstrake for Tag-a-Long Fun

If you're a skipper on the go, prowling distant waters, launching and retrieving from difficult shorelines, set your eye on a Thompson Sea-Skiff. This 14 foot lapstrake model follows like a shadow on your favorite trailer. It's there to enjoy when you reach that rendezvous with water pleasures. Thompson Sea-Lap construction, of course, and accessories are available to please the most discriminating taste.

Center deck is standard on Model 465.

### ... Boat Strength to Match Modern Horsepower

A lot of boat at the right price, this 14 foot Lap-Chine Runabout takes a full 35 horsepower. (Maximum OBC Motor Recommendation). Patented bottom and chine design insure a safe, soft ride even under rough water conditions. Perfect as a second utility boat and an excellent starter for the young crew members.
